The TPMS Opportunity

Over 23,000 vehicles failed the MOT in 2016 due to TPMS defects

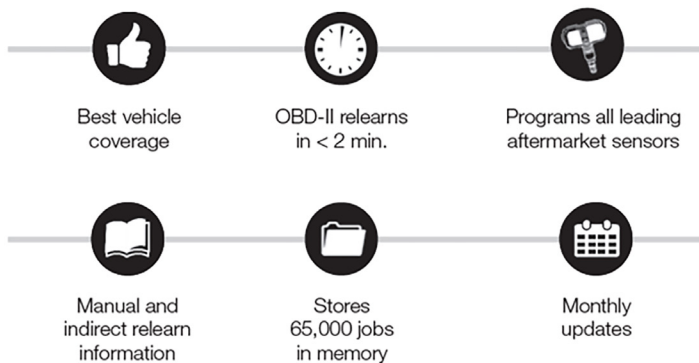

5-6million TPMS sensors are installed annually in the UK – all will need replacing!

DON'T MISS OUT WITH THE VDO TPMS PRO:

- Reads all TPMS sensor data
- Programs all leading aftermarket programmable sensors
- Resets TPMS sensors via OBD2 in less than 2minutes
- Retrieves TPMS DTC codes on applicable vehicles
- Remote key entry testing function
- TPMS sensor part number look-up (OE and aftermarket)
- Monthly updates guarantees 100% coverage 100% of the time
- Includes one year of software updates
- Includes one year warranty

VDO TPMS Pro Print - Print job reports for your customer. An ideal solution for mobile tyre fitters! Docking station included.
